# GQA (Q-Card)
New Card Design

From June, the card design of GQA's Q-card will change and more closely resemble a CSCS card. GQA Q-cards will carry both designs for a number of years until the older cards are renewed.

Whether they show the previous or updated design, all should be accepted, provided they are confirmed as valid and in-date by CSCS Smart Check.

CSCS Smart Check can be used to check all CSCS Alliance card schemes - all of which meet Construction Leadership Council recommendations.

GQA Level 1 Award in Construction Health and Safety

This card can be checked electronically using CSCS Smart Check www.cscssmartcheck.co.uk

Cards issued by GQA Qualifications do not confirm the holder's right to work in the UK

CSCS Smart Check

All 2.2 million CSCS-logoed cards can be verified quickly and easily at site gates using CSCS Smart Check.

Visual checks are not enough to spot a fake card or one gained via a fraudulent qualification.
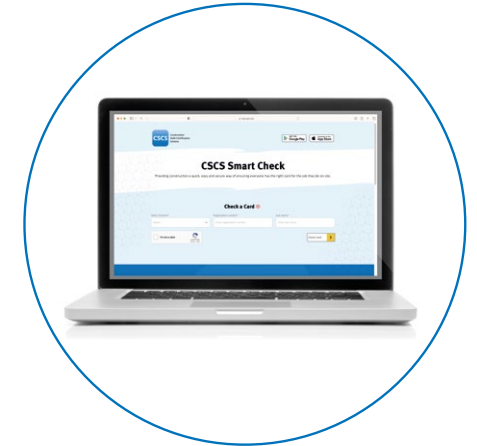

Only a scan via the CSCS Smart Check app, website or API within an existing site system will verify that individuals working on a construction site have the appropriate training and qualifications for the job they do.
